Groundbreaking Ceremony

CHILDREN OF ADAM – NEURO PSYCHIATRIC HOSPITAL
MARCH 14, 2022

MARCH 14, 2023
GADAP, MALIR

by

Murad Ali Shah

Chief Minister, Sindh

Children of Adam (CoA) is a US-based non-profit organization founded in 2011 with a mission to Enlighten, Engage, and Empower communities in need. CoA has been actively involved in providing humanitarian aid worldwide, including flood relief in Bangladesh, earthquake relief in Turkey, Syria, and food distribution drives in several countries such as Yemen and Afghanistan.

Children of Adam recently established itself as a trust in Pakistan with a focus on providing high-quality mental health services to those in need. The organization has been providing clean and safe drinkable water in Pakistan for the last three years and has constructed several water filtration plants.

CoA Pakistan in addition manages informal schools and has conducted eye camps in the Sindh province. In response to recent natural disasters and the COVID-19 pandemic, Children of Adam has provided cooked food, ration packs, tents, clothing, and PPE kits to hospitals and PMDC. CoA has so far constructed over 20 houses for those affected by floods and is currently building a CoA village for displaced people.

Children of Adam takes great pride in its association with the **GOVERNMENT OF SINDH** in constructing a state-of-the-art Neuro-Psychiatric Hospital that will provide world-class mental health services to patients of all ages, including adolescent psychiatry, adult, geriatric care, drug, and alcohol as well as substance abuse.
